

Stansfield College – RMIT University
Master of Engineering (Engineering Management)
Evening College – Part Time

Program In	Master of Engineering (Engineering Management)
Intake Date	19 September 2011 (course briefing to be advised)
Graduation Year	September 2012
For Whom	Master of Engineering (Engineering Management) program aims to prepare graduates for leadership roles in the management of engineering and technology-based organisations.

The program is tailored to individual needs, allowing students to develop skills and expertise in a broad range of engineering management practices.

Students can focus their studies in the following areas: technology management, environmental management, performance management, risk management, engineering economic strategy, international engineering management, project management, quality management, logistics management, and systems engineering.

**Academic
Direction by**

Entry Criteria A relevant undergraduate degree. Other qualification from related field with work experience will be subject to acceptance by RMIT University.

Course Structure The Master of Engineering (Engineering Management) program consists of 12 courses with 144 credit points. For the award of Master of Engineering (Engineering Management), students are required to successfully complete the prescribed 12 courses.

- Courses**
1. Management of Technology
 2. Industrial Systems and Environment
 3. Building Quality Organisations
 4. Research Investigation and Analysis
 5. Risk Management and Feasibility
 6. Engineering Management Project
 7. Engineering Economic Strategy
 8. International Engineering Management
 9. Engineering Management Thesis
 10. Quality Management
 11. Planning and Control
 12. Quality Systems

**Academic Term
2011/2012**

The term schedules shown below are indicative only.

- Term 1 - 19 Sep –23 Dec 2011
- Term 2 - 23 Jan – 27 Apr 2012
- Term 3 - 14 May 2012 –24 Aug 2012

**Examinations &
Assignments**

The program will be conducted by RMIT faculty in Singapore through intensive workshops over week ends.

The entire course can be completed in 3 terms and in a minimum duration of 1 year.

Students need to follow the course outlines which will have the assignment datelines. The schedules of end of term examinations will be given to the students during the workshops by RMIT faculty members.

Examinations

After the completion of every term, students will be sitting for the end of term examinations, at the end of every term.

Fees

The fees (per year) are as follows:

• Application Fee	\$400
• Medical Insurance	\$100
• Course Fees	\$30,800
• FPS Admin Fee	\$927
Total Fees (without GST)	\$32,227
Total Fees (with 7% GST)	\$34,482

As required by the Council of Private Education regulations, the College has arranged for compulsory fee protection (FPS) and medical insurance cover through HSBC.

*The above fees do **not** include the cost of textbooks and other miscellaneous costs which the student will make separately.*

Application form

Please complete and submit the relevant application form with application handling fee of \$428 (inclusive of GST).
